AUSTON ROBERTSON

FULL STACK DEVELOPER & UI DESIGNER

PROFILE

I am a Full Stack & UI Designer skilled with MVC Design & Vue.js frontends as well as .NET and Node.js backends. I have extensive experience with HTML, CSS, Bootstrap, Sass, MySQL, & C# for developing my applications. My formal training both as a writer & educator give me a unique ability to both present my projects professionally, & work within a team-oriented environment.
